Futuristic Limited.

Nairobi,

Dear Sir/Madam,

RE: APPLICATION FOR A SOFTWARE DEVELOPMENT POSITION INTERNSHIP.

I am Veronicah Wambui, an entry-level software developer. I am writing to express my interest in the position of Software Development Intern at Futuristic Limited.

I have been impressed by how your company is committed to listening and understanding clients, providing world-class advice, and delivering the best. I admire how you develop management information systems including the hospital facility management Information System. I appreciate the work you do to serve your customers better, I will be greatly honored to be part of the Futuristic Limited team.

Currently, I am working on a fitness app that will help women work out at home. I am in the research phase, conducting a pilot study to better understand the challenges women in Kenya face in accessing the right form of workouts at home. I believe this app will help more women to be more physically active.

Kindly find my CV attached for your perusal. Thank you for your time and consideration.

Looking forward to hearing from you.

Sincerely,

Veronicah Wambui.
